

AMMM 2025

Aug. 5-7, 2025 | Fukuoka, Japan

www.amm.org

2025 7th International Conference on Advances in Materials, Mechanical and Manufacturing (AMMM 2025) will be held in Fukuoka, Japan during August 5-7, 2025. AMMM 2025 is a premier, annual forum for researchers and scholars from multiple disciplines to come together to share knowledge, discuss ideas, exchange information, and learn about cutting-edge research in diverse fields with the common theme of Materials, Mechanical and Manufacturing.

We sincerely invite you to submit your work in abstracts or full papers to conference.

Call for Papers

Track 1: Mechanical Engineering:

- Computational Mechanics and Numerical Modeling
- Thermal and Fluid Engineering
- Advanced Manufacturing and Automation
- Structural and Solid Mechanics
- Aerospace and Automotive Engineering
- Tribology and Surface Engineering

Track 2: Mechanical and Manufacturing Engineering:

- Smart Maintenance & Predictive Analytics
- Sustainable Manufacturing Technologies
- Emerging Materials Processing
- Robotic Systems Integration
- Advanced Computational Mechanics

Track 3: Precision Manufacturing:

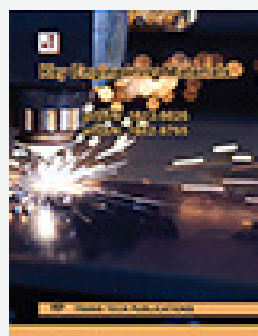

- Intelligent Precision Systems
- Hybrid Manufacturing Technologies
- High-Performance Tooling Design

Track 4: Materials Science and Engineering:

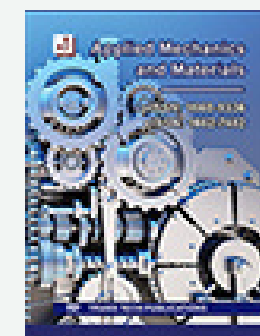

- Materials Science and Engineering
- Material Processing and Manufacturing
- Material Design and Testing
- Energy and Power Engineering
- Architecture and Structural Engineering

Publication

Submitted papers will be peer-reviewed by 2-3 reviewers. All papers submitted to AMMM 2025 will be checked for plagiarism including self-plagiarism. Accepted and presented papers will be recommended to following publication:

The registered and presented papers which are related to materials will be published into **Key Engineering Materials** (ISSN print 1013-9826; ISSN cd 1662-9809; ISSN web 1662-9795), which will be submitted for SCOPUS, REAXYS, Inspec, CAS, ProQuest, Google Scholar, etc.

The registered and presented papers which are not related to materials will be published into **Applied Mechanics and Materials** (ISSN print 1660-9336, ISSN cd 2297-8941, ISSN web 1662-7482), which will be submitted for Inspec, CAS, ProQuest, Google Scholar, etc.

Call for Special Session

AMMM2025 invites proposals for special sessions to be held during August 5-7, 2025 in Fukuoka, Japan. We expect that special sessions could complement the regular technical program by highlighting new and emerging research topics or innovative applications of established approaches. The topic of a special session proposal should be timely and compelling.

Each organized special session should have a minimum of 4 papers. The session organizers have full authority in soliciting papers for the session. Each session is limited to no more than 2 organizers and the session organizer can designate a chair and a co-chair for the session.

Note that all papers will be subject to the same peer review process as for regular papers. And these papers are expected to meet the same quality standard. Accepted and presented papers in the special session will also be included in the conference proceedings.

More specific information please visit: <https://amm.org/cfss.html>

Conference Secretary: Ms. Octavia Wu

Email: ammconf@126.com

(Monday-Friday: 9:30am-5:30pm GMT+8)

Important Dates

» Submission Deadline for Full Paper or Abstract ---- May 25, 2025

» Notification of Acceptance ---- June 20, 2025

» Registration Ends ---- July 5, 2025

» Call for Special Session Ends ---- May 5, 2025

Submission

1. Full Paper (Publication and Presentation)

Submission Link: <https://www.zmeeting.org/submission/AMMM2025>

2. Abstract (Presentation Only)

please send it to ammconf@126.com

More details about submission, please visit at <https://www.amm.org/>
